www.lymphoedemaconference.co.uk
Considering the physical and psychological impact of lymphoedema will bring together the leading specialists in the discipline to present and inspire discussion on the issues and debates that are most relevant to lymphoedema treatment and research today. Attending the conference will:

- Provide insight into the latest developments in lymphoedema and cellulitis management
- Give you a better understanding of assessing compression garments for lymphoedema and lipoedema
- Improve your knowledge of diet and exercise programmes for obese lymphoedema patients
- Highlight the issues surrounding body image in lymphoedema and lipoedema
- Discuss the importance of best practice in the care of older people with lipoedema
- Give you a chance to share and exchange your ideas with other professionals in the field

### Target audience
- Lymphoedema clinical nurse specialists
- Community nurses with an interest in lymphoedema treatment
- Nurse specialists in disciplines that overlap with lymphoedema (e.g. dermatology)
- Nurse consultants developing their practice and training others
- Healthcare assistants
- Any other professional with an interest in lymphoedema
