

Raise 75 to end 75

75 years really is enough!

It is 75 years since Lipoedema was first identified. We ask that everyone tries to raise '75' for us. Are you able to donate an additional £7.50? Or perhaps, set yourself a '75 target' and raise £75, £750 or even £7,500 from a fundraising cake sale, sponsored swim or any event your family and friends will support.

Lipoedema UK are listed on Just Giving so follow the link from our website to set up your own sponsorship page. Your efforts can help stop Lipoedema and the next generation being ignored for another 75 years.

PLEASE DO YOUR BIT AND RAISE '75' FOR US!
